**REQUEST FOR CERTIFICATE OF CORRECTION**

Dear Sir:

Patentees request that a Certificate of Correction under 37 C.F.R. § 1.322 be issued to reflect the correction listed in the attached Patent Office Form PTO/SB/44.

The correction is being made by Patentees in order to correct clerical or typographical errors that appear in U.S. Patent No. 7,834,008 B2 at page 31, column 57, lines 37 and 42 of the printed patent. The correction of the errors is proper because the erroneous text was correctly listed by Patentees in, e.g., their Preliminary Amendment of February 15, 2006. Because the corrections are clerical or typographical in nature, this Request does not raise any issue of new matter or re-examination.

No fee is deemed necessary in connection with the filing of this Request. If any fee is required, authorization is hereby given to charge the amount of such fee to Deposit Account No. 503201. Patentees' undersigned may be contacted at the number below if there are any questions regarding this Request.

Respectfully submitted,

**Lundbeck Research USA, Inc.**
